WORK EXPERIENCE

UNIVERSITY HOSPITALS

SENIOR DIGITAL DESIGNER • 3/18–Present

In my role at University Hospitals I'm responsible for the design of many up and coming digital projects. I contribute to the design of the company website, landing pages promoting various service lines, apps. I build landing pages using HTML, CSS and jQuery. I also work on things like banner ad campaigns and html emails.

ARRAY CREATIVE

GRAPHIC DESIGNER • 12/17–3/18

As a contractor at Array Creative my primary responsibilities were designing websites and print materials for Ohio brands.

FREELANCE DESIGNER

6/08–Present

I've taken on plenty of freelance projects over the years. Those have consisted of print design, branding, illustration photography and web design projects.

GIFTED

OWNER • 1/16–Present

Gifted is a personal side project of mine. I design and screen print t-shirts and sell them at events like The Cleveland Flea. I also designed, built and maintain the e-commerce website, I maintain the social media presence and take all the product photography.

EVOLVE CREATIVE GROUP

SENIOR WEB DESIGNER • 10/11–9/17

In this position I primarily designed, built and helped to maintain websites for our clients. I worked on sites starting with their initial planning phase (research, sitemaps and wireframes) all the way through the site's launch and everything in between. I worked with the Online Marketing team to ensure that our sites would produce results for our clients. We built our sites in content management systems like Wordpress and mojoPortal. I also oversaw and gave guidance to our design interns.

AIGA CLEVELAND

INTERACTIVE DIRECTOR (VOLUNTEER) • 2/14–3/16

My responsibilities in this position included maintaining the chapter website, directing interactive committee members, coordinating email advertising efforts and helping out at events.
